

MARCHING FALCONS IN CONCERT

Throughout the marching season, from the first day to the last, there are so many people behind the scenes who help make the finished product what it really is. To those parents, teachers, administrators, school staff personnel, fellow students, friends, and fans of the band, we offer a special thanks. Without you, our enjoyment and success would not be possible.

A special thanks goes out to the Fairfield Union Band Boosters, that incredible group of parents who always has the food ready at Marietta or Denison, who always gives us that extra loud cheer at a game, parade, or contest, and who supports us in times of defeat, as well as joining us in our parades of victory. Without their continued support throughout the year, we would never take the first step on the field.

We look back at what has been a season full of surprises, excitement, and victory, as well as defeat, and we can say that we have been proud to be members of the Marching Falcons, the BEST IN THE LAND!!!

Programs courtesy of Kathy Call and the senior BOE class, Mrs. Louise Eyman, instructor.
